-The Newark Daily Advertiser learns from a private letter from Italy, that Mrs. Doane, wife of the late Bishop of New-Jersey, died in Florence on Thursday evening, Nov. 10, at the residence of her son, Mr. Edward N. Perkins. "It seems," says The Advertiser, "that her mind never recovered from the shock is received during the memorable sack at Perugia, in which she and her party narrowly escaped a crue death; she had been quite an imbecile for months previous to her death." The funeral was appointed to take place on Monday, the 14th ult., in the Chapel of the

Protestant Rural Cemetery.

-"Parson Brownlow" of Tennessee attended a Pro-Slavery indignation meeting at Lynchburg, Va., on the let, and made a characteristic speech. He said he would rather to be with the South in Pandemonium than with the Abolitionists in Heaven. He also remarked that he intended to give his family instructions not to bury him in a Yankee coffin, but if, in case of an emergency, they should have to do so, that they must leave both ends open, so that when the devil and the Abolitionists came in at one end, he could go out at the other. A worthy champion of Slavery is the Rev. W. G. Brownlow.

-Mrs. Stowe's "Minister's Wooing" is selling with great rapidity in England. Forty thousand copies had been disposed of at the last advices.

-The Examiner (Baptist paper) states, in its Washington news, that the Chaplaincy of Congress has been a subjet of serious conversation at the Capital, and that among the names which have been mentioned in connection with the office are the Rev. Dr. Boyd of Winchester, Va., the Rev. Mr. Read of Richmond, the Rev. Dr. F. A. Ross of Alabama (colored), and the Rev. George B. Cheever, D. D., of New-York.

-The New-York correspondent of The Independent Democrat (Concord, N. H.) states that a requisition is to be made upon the Governor of this State, under the Fugitive Slave law, for the surrender of H. R. Helper, author of the "Impending Crisis," and Professor Hedrick, expelled from North Carolina University, where he held a Professor's chair, prior to conferring the degree of LL. D. on Dr. Buchanan. We shall not be sorry if this statement turns out to be true. The law applicable to the case was defined and illustrated by Mr. Seward some twenty years ago, when he filled the Executive chair; and we apprehend that Gov. Morgan would find no embarrassment in following the path thus marked out for him.

-Berger, who played such a prominent part as maire des barricades in the Revolution of 1830, and also in that of 1848, and afterward as Prefect of the Seine, died in November, 1859. Paris is indebted to him for many improvements and embellishments of streets and public buildings.

-Pierre Leroux has been appointed Professor of History at the College of Geneva.

-Another of the French revolutionists of 1848, Albert, the mechanic, a member of the Provisional Government of February, has found employment on the railways in Spain.

-Amédée Renée, who since 1857 has edited the Constitutionnel and the Pays, is dead. He translated Chesterfield's Letters and Cantu's History of a Hund ed Years into French, and was one of the most able and active journalists of Paris. His most recent works on the Nieces Mazarin, on Madame de Montmorency, and on the manners and characteristics of the eightecenth century, met with a remarkable success. Anther French journalist, Lubis, for many years editor of La France, died also in November last. WASHINGTON IRVING'S PHYSICIAN .- The Bame of the physician of the late Washington Irving, having been erroneously given in some of the city journals, it may here be stated that Dr. John C. Peters of New-York had for eight years been the sole physician of Mr. Irving, and continued to be so until

BED-CLOTHING FOR THE NEWSBOYS .- The setting in of the cold season so severely crowds the Newsboys' Lodging-House every night with homeless boys, that the Superintendent is unable to make them comfortable, without aid from their Christian friends. These boys have in other respects, after a day of hardship, the enjoyments of a home, such as good warm rooms, supper, school, &c. A good bed, with warm bed-clothing in sufficiency, is a luxury to a lad of this class, after a Winter day of toil in the streets. We trust this notic will meet the eyes of ladies' sewing societies. Dona tions of bed-clothing, whether new or old, will be thankfully received at the Newsboys' Lodging-House, No. 128 Fulton street, Chas. THE LATE FATAL ACCIDENT TO A WATCHMAN .-Coroner Jackman held an inquest on Monday at the New-York Hospital, upon the body of J. E. Morgan, the Insurance Watchman, who died from the effects of injuries received at the late fire in Trinity-place. From the evidence adduced, it appears that deceased was in Tinpot Alley at the time of the fire, having in his charge the Insurance cart, when Engine Company No. 38 came rushing down the alley with their engine, and deceased, while endeavoring to get the cart out of the way, was struck by the engine, knocked down and run over. The jury deemed the person in charge of the engine worthy of censure for his carelessness, and rendered the following verdiet: "That James E. Morgan came to his death from injuries received by being run over by Engine No. 38, while running down Tinpotalley. The jury, further, censure the person in command of said engine, for taking it through the alley in s careless a manner." Deceased was a native of Eugland, 30 years of age.

A CHICAGO IRISHMAN ARRESTED UNDER THE BLACK LAWS, AND IS HELD AS A FUGITIVE From the Olney (Ill.) Times, Nov. 25.

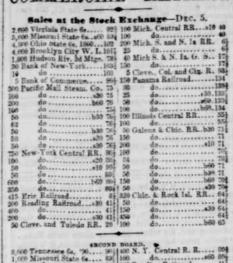

SLAVE.

From the Olary (III.) Times, Nov. 25.

This week a man of dark complexion, straight, black hair, black whiskers and mustache, with the characteristic Irish brogue, was arrested and brought to Olney, on the enormous charge of being a fugitive slave. His captors took him to the jail for the purpose of securing him, but Fred Johns did not feel safe in putting him in the lock-up, without some better authority than his captors were able to produse, and they were reduced to the inconvenience of Feeping personal watch over him, which created some little curioutly among our citizens to know something concerning his history. In conversation with him, he informed us that he was a native of Ireland, and had been in Chicago. He gave his name as Thomas Leary. Hon M. O'Kean was present, and gave it as his opinion that he was an Irishman of interior intelligence. We endeavored to prevail upon his captors to release him, when they, in a very decisive manner, gave us to understand that when they received the reward that they claimed was offered for his apprehension, they would do so. Seeing their determination to run him off, a petition was drawn up praying the Hon. A. Kitchell would do so. Seeing their determination to run him off, a petition was drawn up praying the Hon. A. Kitchell fer a writ of habeas corpus, which was duly served, but up to the present writing has not been returned. We have no disposition to interfere with the institution of Slavery where it exists; but when it comes to this, that men must be hunted down in the free State of Illinois, it is high time that the people rise in the majesty of their strength, and say such things shall not be done; and for one, we are sorry that our country has within her book we are sorry that our country jessy of their strength, and say shell things shall hot be done; and for one, we are sorry that our country has within her borders one man so steeped in moral degradation as to voluntarily attempt to arrest a man because he happened to be a little dark and was not blessed with an ordinary degree of intelligence, to carry him into perpetual bondage.

COMMERCIAL MATTERS.

MONDAY, Dec. 5-P. M. The dullness of the Stock market continues, and prices have been quite irregular. The apprehension felt in regard to the tone of the approaching debates

in Congress have undoubtedly had some effect in checking the speculation for the rise, and in emboldening the bear jobbers; and this influence has been materially assisted by the less favorable reports from the traffic of the Western roads. The features of the market to-day were the fall in Galena of 2 P cent, and the new upward turn of Pacific Mail, which, from 75 at the opening, advanced to 781 at the Second Board. We cannot hear of any new negotiation inaugurated with Mr. Vanderbilt, but as such an event is the most likely thing to happen at any moment, it may be that some parties have early information of some fresh proposition, and have rushed in to buy. We are prepared to hear at any time that an arrangement has been made by which the present disastrous competition will be abandoned; and as the parties to the arrangement will hold the winning cards, it is evident that the only safety of outsiders in the stock arena is to avoid dealing in such a dangerous commodity as Pacific Mail stock. The most skillful player must go to the wall when playing against loaded dice. The decline in Galena is ascribed to the competition which has sprung up between this cor-poration and the newly-completed Rockford road, for the Western business with Chicago, with which city the Rockford Road connects by the way of the Fond du Lac Road. Information was in town that the Galenn Road has reduced freight charges about 30 ? cent, and on this the bears acted. The stock came out freely, and was sold down after the Second Board to 681 against 71 on Saturday. The other Western shares were without important change. Illinois Central was quite firm under the impending call of 10 ? cent, being sustained by the favorable appearance of the traffic, which showed \$95,000 increase in November. New-York Central was well sustained until after the Second Board, when it sold at 80%, after being 804. There is considerable doubt felt in regard to the amount of the February dividend, and it is offered in the street at 3] P cent. A portion of the Board of Directors advocate the policy of continuing 3 P cent semi annual dividends, now that the precedent has been safely established, even if the net earnings should justify 4 P cent. Hudson River and Reading, without being active, were steady. In State Stocks, the only important transaction was a sale of 20,000 Virginias at 93, buyer sixty. As the semi-ananal interest payment is nearly due, this brings Virginias to a low point. Missouris are heavy under the recommendation of Gov. Stewart that the unisened bends authorized by the Constitution be given to the railroads to aid in their completion. Railroad bonds were very quiet and heavy. The Erie issues were lower. After the Second Board the market had a downward tendency, with but little disposition to operate. The last prices were: Virginia 6s, 921 @921; Tennessee 6s, 90 @901; Missouri 6s, 831 284; Canton Company, 174 218; Cumberland Coal Company Preferred, 111 212; New-York Central Railroad, 801@801; Erie Railroad, 81@9; Hudson River Railroad, 404 2403; Harlem Railroad, 94 210; Reading Railroad, 411 @ 412; Michigan Central Rai 391 2401; Michigan Southern and Northern Indiana Railroad, 61 261; Michigan Southern and Northern Indiana Guaranteed, 17@174; Panama Railroad, 133@ 1334; Illinois Central Railroad, 534 2 534; Galens and Chicago Railroad, 691 2 691; Cleveland and Toledo Railroad, 20 2 201; Chicago and Rock Island Railroad, 617 ©64; Milwaukee and Mississippi Railroad, ‡; Illinois Central, 84‡ @84‡; Pacific Mail Steamship Company, 78

The Delaware and Hudson Canal Company has declared a semi-annual dividend of 3; P cent, payable 21st December. The transfer books will be closed until the 19th inst. The Commissioners of Muskingum County, Ohio give notice that provision for the payment of bonds of that county, due Jan. 1, 1860, has been made in a tax levy for that purpose; but, under the present law fo the collection of taxes semi-annually, only one-half of the levy can be collected by the let of January next—the other half not becoming due until Jun next. They therefore request holders of bonds, due Jun. I, 1860, to present the same at the Nassau Bank for the payment of the interest coupons then due, and a payment of one-half of the principal of each bond—the balance to be positively paid on the 1st July, 1860, with interest. The amount of coal transported over the Philade phia and Reading Railroad, for the year ending Nov.

Increase in 1859..... During the five days ending Wednesday, Nov. 30, inclusive, the amount of coal transported over the road was 40,590 09 tons, equal to an average of 8,118 tons

The Chicago Press, of Dec. 2, states that the war between the Galena and Chicago Union and the Kenosha and Rockford Railroad Companies has commenced. The Galena Company have reduced their freight tariff considerably below that of the Kenosha and Rockford. The following is the table of freights:

lat class, \$\Phi\$ 100 B.
2d class, \$\Phi\$ 100 B.
2d class, \$\Phi\$ 100 B.
Special freight.
Wheat, \$\Phi\$ bud.
Flour, \$\Phi\$ bid.
Sait, \$\Phi\$ bid.
Lumber, \$\Phi\$ M feet.
Coal and Pig Irou, \$\Phi\$ tun.

Passenger fare remains as it is at present, but will considerably reduced within a few days." With regard to the action of the Kenosha Road, The

Chicago Times says:

"A Galena paper states that the tariff of freights between Rockford and Chicago, on the Kenosha Road, which has just been opened, has been fixed at a reduction of twenty per cent on the charges heretofore made by the Galena Road. Passengers fare will be \$2.50; freights on wheat, 7 cents a bushel; on flour, 25 cents a barrel. Thus a lively time has commenced, which we hope may be long continued without loss between the rival roads. But we doubt it." Chicago Times says:

The New-Orleans Picayane of Nov. 30, says:

THE PACIFIC MAIL STEAMSHIP COMPANY AND

THE PACIFIC MAIL STRAMSHIP COMPANY AND GOM. VANDERBILT.

Sir: I have noticed in your paper of this morning, the report and correspondence of the Committee in comm, whom with the recent negotiation of the Pacific Mail & Teamship Company with C. Vanderbilt.

The latter of Mr. Assinwall, closing the correspondence, appears, in my mind, to answer the whole question. With you allow me to ask if Mr. Aspinwall had become responsible for himself, directors, and seem hundred stockholders, not to be engaged directly or indirectly, in any opposition to C. Vanderbilt, where such responsibility would end? Why, the liability incurred could not be covered by the wealth of a Croessic.

Crossus.

As Mr. Aspinwall says, it was an after thought. The Pacific Mail Steamship Company was ready to bind itself in any way possible, to meet the terms of the agreement; but as to asking one or more stockholders to become responsible for seven hundred, it was simply preposterous, and only insisted on in order to break the agreement entered into by C. Vanderbilt and W. W. Aspinwall. Mr. Vanderbilt's family was bitterly opposed to any arrangement which would double Com. Vanderbilt's steamship interest.

MILWAUKEE AND HORICON ROAD.

MILWAUKEE AND HORICON ROAD.

To the Editor of The N. Y. Tribuse.

Sir: I notice a communication in your paper of this morning signed "M." in relation to the Milwaukee and Horicon Railroad Company, in which the writer refers to articles which have appeared in The Tribuser respecting the delay in the foreclosure of the mortgage of that Company, and expresses the belief that you were actuated by motives not altogether friendly to the Committee who have the matter in charge. It is not for me to speak in defense of your motives, but I have noticed the articles in question and if they are likely to expedite the collection of the interest due on the bonds, I. for one, offer you my hearty thanks. It is my firm belief that the bonds are greatly depreciated by delay, but if the "Committee," for whom your correspondent assumes to speak, now intend to proceed in good carnest; if they will permit no more time to be wasted in waiting for Committees to journey to Milwaukee and back, I really hope no one will allow any unfriendly feeling "toward the Committee having charge of the matter' to interfere with them in the "consummation so devoutly to be wished" by those unhappy individuals whose "feeling" in the premises arises solely from the circumstance of their being the holders of First Mortgage Bonds.
